

## Create a Word Root/Vocabulary card using index card

On one side of the card:

- Write the root of the word in capital letters on the left-hand side of the card.
- Draw an arrow after the root and then, write **?**.
- Above the arrow write the language of its origin.
- Draw a picture to help you remember the word root's meaning in lower center of the card.

On the opposite side of the card:

- Write the root of the word in capital letters on the left-hand side of the card.
- Draw an arrow after the root and then, write its meaning.
- Above the arrow write the language of its origin.
- In lower left corner, write the root type
- In the lower right corner of the card, write three words with the same root, with the additional word root meanings in parenthesis
- Draw a picture to help you remember the word root's meaning in the lower center of the card.
